OFR SERIES OVERFLOOR RACEWAY

OFR... AN OFF-THE-WALL IDEA IN RACEWAYS

Bring power, communications and A/V connectivity anywhere.

OFR Series Overfloor Raceway System sits on top of the floor, accommodating your open space needs in the lowest, sleekest, ADA compliant profile available. With four channels to provide multiple combinations for power, communications and A/V – all in one easy-to-install system.

Now, that's an off-the-wall idea that's on point. Exactly what you'd expect from the leader in on-wall, surface-mounted raceway.

designed to be better.™

Power, Communications & A/V Connectivity

Four Channels, Easy Installation

Temporary or Permanent Installations

FEATURES & BENEFITS

- **Multiple Channel Base** – A single installation brings power, communications and A/V connectivity to open space locations in a durable, four-channel raceway.
- **Lowest Profile** – The lowest profile, ADA-compliant overfloor raceway available is not only aesthetically smart but reduces trip hazards.
- **Easy Installation** – No need to alter the existing floor covering. The OFR Series mounts directly to the floor covering, whether it's wood, tile or carpet.
- **Tamper Resistant** – Secure the raceway with a cover that's nearly impossible to remove to prevent unwarranted access.
- **Open System** – Accepts a wide range of communications and A/V devices from leading manufacturers.
- **Poke-Thru Fittings** – Re-energize abandoned 3" [76mm] and 4" [102mm] poke-thru openings to bring cabling into the raceway.
- **Multiple transition options** – Transition fittings are available to feed OFR Series Raceway from Wiremold DS4000®, 4000®, and 2400 Series™ wall-mounted raceway systems and also from Vista Architectural™ Columns.
