Juno SlimForm™ LED Surface Mount Downlights
Sleek in form, when space is slim
Juno SlimForm™ LED Surface Mount Downlights

The low cost, low maintenance, low plenum, low-profile fixture … high in performance and style!

Juno SlimForm downlights are economical and easy-to-install, surface mounted LED fixtures with an unobtrusive - less than 1" deep - profile that cleanly integrates and complements any décor.

Features include:
- Standard white finish for round or square fixtures in multiple sizes; outputs up to 1800 lumens
- Mounts directly to a standard junction box – see specifications
- Multi-volt 120-277V (0-10V dimmable) or dedicated 120V (forward phase/ELV dimmable) drivers
- 2700K, 3000K, 3500K or 4000K color temperature with 90+ CRI
- ENERGY STAR® certified
- Can be used to comply with Title 24, Part 6, JA8 high efficiency LED light source requirements
- Wet Location listed with standard non-metallic housing

Juno SlimForm™ LED Surface Mount Downlights

Installation

Quick and Simple Installation

Juno SlimForm Surface Mount Downlights are easily installed over a junction box. These fixtures are ideal for use in areas with limited plenum space or when recessed downlights are impractical.

Juno SlimForm 5” and 7” fixtures utilize a 'snap-in' installation method where the metal spring clips adhere to the mounting bracket.

Note: A 4” junction box with 3-1/2” mounting hole spacing and a minimum of 2-1/8” depth is required.

To view the instructional video, please visit: www.AcuityBrands.com/JunoSlimForm-Install-Small

For Juno SlimForm 11” and larger fixtures, the fixture assembly is rotated onto the mounting bracket to complete installation.

Note: A 4” junction box with 3-1/2” mounting hole spacing is required and no minimum depth.

To view the instructional video, please visit: www.AcuityBrands.com/JunoSlimForm-Install-Large

Need to maintain a two hour fire-rated assembly?

No problem! Juno SlimForm fixtures provide a very cost effective solution that is suitable for use in a fire rated ceiling when used with a UL 514A listed junction box (provided by others).
Juno SlimForm™ LED Surface Mount Downlights

JSF Series - Rounds

Juno SlimForm JSF Series round-shaped fixtures come standard in white. Available in four sizes, four color temperatures and outputs up to 1800 lumens, they can be utilized across many applications including bathrooms, closets, hallways/common area, corridors, outdoor canopies and more.

Juno SlimForm™ Accessories

Juno SlimForm fixtures can be accessorized by adding an optional trim or shroud. These accessories include field-bendable tabs that easily secure to the fixture without the need for tools!

Optional trims and shrouds provide a decorative look and feel like a recessed downlight for multi-family residential, hospitality and other commercial environments.

Trims
Field-installable trims ‘wrap’ around the exterior of the fixture to provide a decorative finish.

Shrouds
Optional field-installable shrouds offer a source shield and aesthetic similar to a recessed downlight with a baffle or cone trim finish.

Trims and shrouds are as easy to install as changing a picture frame. Simply bend the tabs over the fixture to hold it in place.
Juno SlimForm™ Field-Installable Accessories

Decorative trims and shrouds are available for use on Juno SlimForm 5” and 7” fixtures.

Options Include:

**Round Trim (JSFTRIM)**
- **BZ:** Bronze Finish
- **SN:** Satin Nickel Finish
- **BL:** Black Finish

**Square Trims (JSFSQTRIM)**
- **BZ:** Bronze Finish
- **SN:** Satin Nickel Finish
- **BL:** Black Finish

**Round Shroud (JSFSHROUD)**
- **DB BWH:** Black Baffle, White Shroud
- **DB WWH:** White Baffle, White Shroud
- **DC HZWH:** Haze Cone, White Shroud
- **DC WHZWH:** Wheat Haze Cone, White Shroud
- **DC WWH:** White Cone, White Shroud

**Square Shroud (JSFSQSHROUD)**
- **DB BWH:** Black Baffle, White Shroud
- **DB WWH:** White Baffle, White Shroud
- **DC HZWH:** Haze Cone, White Shroud
- **DC WHZWH:** Wheat Haze Cone, White Shroud
- **DC WWH:** White Cone, White Shroud

**Note:** Accessories are shown installed on fixtures. Fixtures and accessories must be ordered separately.
Juno SlimForm™ with Battery Back-Up

The factory-installed, integral battery back-up option (EL) powers fixtures during outages. This option eliminates the need and maintenance involved in installing a separate emergency fixture, or having to wall mount a fixture susceptible to physical damage.

A factory-installed, empty back box (EBX) can be added to the additional fixtures within the space to match the battery box depth and provide a more consistent appearance.

The integral battery option provides back up power to fixtures in hallways, corridors or other common areas.
